## □ Eligible Applicants

- University faculty and institution researchers from eligible countries who have a doctoral degree
- Countries eligible to apply: Cambodia, China, Indonesia, Kazakhstan, Laos, Malaysia, Mongolia, Myanmar, Thailand, Uzbekistan, and Vietnam
- Applicants, in principle, must be 50 years old or younger at the period of application deadline
  - ※ Applicants must be able to carry out research in English and should not have any health issues that might hinder their research activities
  - ※ Those **not** eligible:
    - Persons already conducting research in Korea
    - Persons whose prime interest is to teach in Korea

## □ Application schedule

- Application deadline: Friday, February 21, 2020
  - \* We accept applications for which we receive **original** copies of the additional documents by February 21.
- Announcement of results: March 30, 2020

## □ Research Period

- 1 Year: From September 1, 2020 to August 31, 2021
- 6 Months
  - From September 1, 2020 to February 28, 2021
  - From March 1, 2021 to August 31, 2021

#### □ **Details of Financial Support**

1. Research stipend: 3,000,000 KRW/Month
2. Settlement grants: 1,000,000 KRW
3. Research paper grant: 1,000,000 KRW (after submitting the final research paper at the end of the fellowship)
4. Publication Incentives
  - ① \$2,000~\$5,000 (for an article published in journals registered at SSCI, AHCI, and SCI)
  - ② \$1,000 (for an article published in journals registered at the National Research Foundation of Korea)

※ Publication incentives are provided for articles published within two years after the date of the fellow's return to his/her country that indicate the research was funded by the ISEF program at Chey Institute. The amount of incentives may vary upon careful evaluation of the journal's influence and the writer's level of contribution
5. Round trip airfare: Economy class round-trip airfare between Seoul and the nearest the airport from the fellow's residence
6. Medical insurance: National health, accident insurance

#### □ **Research Support Program**

- Library access
- Use of facilities for academic events
- Korean language class
- Cultural tours, industrial site visits

#### □ **Application Instructions**

1. Become a KFAS member and log in (www.kfas.or.kr)  
\*Online applications need to be submitted via KFAS homepage
2. Complete the online application by filling out the necessary information and attaching the research proposal
3. Submit the supplementary documents
  - 2 recommendation letters
  - 2 research samples that best represent your work (i.e. books or research papers) with abstracts in English attached
  - A certificate of employment (issued within 2 months)
  - A copy of Ph.D. degree certificate
  - A letter of research affiliation

※ You can attach a letter of research affiliation if you have already contacted your host institution in Korea at the time of application submission. Otherwise, you must contact your host scholar immediately to arrange your research affiliation upon being selected as an ISEF fellow
4. Confirm submission of application at “*My page*”
